

# PHOTOGRAPHY GUIDELINES

Thank you for choosing Buffalo Trace Distillery as a backdrop for your pictures! The grounds are open to the public and available for photography during normal business hours.

---

**MONDAY—SATURDAY**

9:00am - 5:30pm

**SUNDAY**

12:00pm - 5:00pm

---

## **AFTER HOURS:**

Photography is open to the public after hours at the Stony Point Botanical Gardens only.

---

Please keep in mind that our Clubhouse and the surrounding lawn and gardens are rented on a frequent basis for special events. The leasee has full access to our grounds around the Clubhouse and that includes the area around the waterfalls. If an event is in progress, please avoid these areas for picture taking.

**DRONE POLICY:** As we are private property, we do not allow drones on site due to safety concerns for our employees and visitors. Please visit our website for some previously shot drone footage you may use for your purposes.

*If you would like to check on the availability of the grounds for a particular date for your picture taking, please email Emily Doss at [edoss@buffalotrace.com](mailto:edoss@buffalotrace.com)*

The following alternative areas can be used for pictures if the Clubhouse and its surrounding gardens are rented:

- Stony Point Botanical Gardens
- Outside of Single Barrel Warehouse (Warehouse V)
- Outside of Warehouse C
- Outside area of Visitor Center, including Maxine's Garden located along the side
- Outside of Warehouse J and surrounding lawn area

*The back of this card includes a map for your reference. Please limit all photos to outdoor areas only. Thank you for your respect of those who have rented the clubhouse grounds and gardens for their special day.*
